

CITY OF ALAMEDA

Memorandum

To: Honorable Mayor and
Members of the City Council

From: Lisa Goldman
Acting City Manager

Date: February 15, 2011

Re: Accept the Treasury Report for the Quarter Ended December 31, 2010

BACKGROUND

Each fiscal quarter an Investment Summary Report is provided to the City Council for review, per City policy. Exhibit 2 to this report is the Treasury Report for the fiscal quarter ending December 31, 2010, which includes detailed information on the City's investments, including average duration, market values and effective yields.

All investments are made in accordance with the provisions of the City's approved Investment Policy, which emphasizes safety, liquidity and diversification. The City's expenditure requirements for the next 6 months are covered by anticipated revenues from City operations and liquidity from short-term and maturing investments.

DISCUSSION

The investment report contained in Exhibit 2 includes all cash and investments available as summarized in the five categories listed below as of December 31, 2010. The overall effective yield compares favorably versus the two year rate for U.S. Treasury bills, which was .61% at December 31, 2010.

Investment Type	Market Value	Amount Over (Under) Cost	Average Length of Duration	Effective Yield
Cash-on-hand and deposit (petty cash, checking accts)	\$2,615,537	\$0	1 day	0.19%
Local Banks Certificates of Deposit	190,000	\$0	34 days	0.90%
Local Agency Investment Fund (LAIF)	30,546,514	\$30,516	215 days	0.47%
Invested with Registered Investment Advisors (RIA) - (Federal/Agency Issues, CDs and Corporate Notes)	81,349,857	\$550,010	2.52 years	1.45%
Bond proceeds held by fiscal agents	16,690,134	\$0	164 days	1.06%
Total	\$131,392,043	\$580,526	1.77 years	1.14%

As of December 31, 2010, LAIF had invested approximately 63% of its investments in U.S. treasuries and agency notes, 16% in CDs, 9% in Commercial Paper, and 12% in other types of investments. The City's registered investment advisors had invested approximately 69% of their investments in U.S. treasuries and agency notes and 31% in Corporate Notes and Commercial Paper. Most of their investments were rated either AA or AAA by independent rating firms, with none having a rating below an A.

Governmental Accounting Standards Board Statement 40 requires the City to recognize the fair market value of its investments at the end of each fiscal year. The market value of investments in short-term instruments of less than one year, such as Certificates of Deposits and Money Market Funds, are reported as the same as cost. LAIF market valuations are provided by the State Treasurer's office. The City's registered investment advisors and bond trustees obtain market valuations on the City's other types of investments, which are subject to daily changes in market value. The change in market values is considered to be temporary in nature, as it is the City's general intention to hold its investments until maturity, when they would be redeemed at cost.

Of the total cash and investments reported above, only the portion held in the City's General Fund (approximately \$18 million, or 14%) and Internal Service Funds (approximately \$4.4 million, or 3%) is unrestricted, although a portion of these amounts may be committed for existing obligations or designated for specific purposes. The remaining \$109 million (83%) of the City's cash and investments are restricted for specific uses, in accordance with federal, State or local agency rules and regulations.

FINANCIAL IMPACT

As of December 31, 2010, the City had received 21% of the budgeted interest income for FY10-11, estimated at \$875,000 for the General Fund and \$2.3 million for all funds. The percentage received to date is typical for this portion of the fiscal year, as a significant portion of interest income from LAIF and U.S. treasury and agency notes is accrued at the end of each Fiscal Year.

RECOMMENDATION

Accept the Treasury Report for the quarter ending December 31, 2010.

Respectfully submitted and approved as to funds and account,

Fred Marsh
Controller
